

# POLISH JOURNAL of PHARMACOLOGY

VOL. 54 / 2002 / NUMBER 2

<b>Effect of imipramine on brain D-1 and 5-HT-2A receptors in a chronic unpredictable stress model in rats.</b> <i>Grażyna Ossowska, Gabriel Nowak, Bożena Klenk-Majewska, Zofia Danilczuk, Iwona Żebrowska-Lupina</i> . . . . .	89
<b>Behavioral effects of the selective blockade of metabotropic glutamate receptor subtype 5 in experimental hypoxia.</b> <i>Agnieszka Nadlewska, Halina Car, Róża J. Wiśniewska, Konstanty Wiśniewski</i> . . . . .	95
<b>Effects of tamoxifen, mifepristone and cyproterone on the electroconvulsive threshold and pentetrazole-induced convulsions in mice.</b> <i>Kinga K. Borowicz, Jarogniew Łuszczki, Mariusz Matuszek, Zdzisław Kleinrok, Stanisław J. Czuczwar</i> . . . . .	103
<b>Lack of interaction between the behavioral effects of ketamine and benzodiazepines in mice.</b> <i>Sylvia Fidecka, Ewa Pirogowicz</i> . . . . .	111
<b>Adenosine receptor ligands and cocaine in conditioned place preference (CPP) test in rats.</b> <i>Ewa Poleszak, Danuta Malec</i> . . . . .	119
<b>Effect of subchronic ethanol treatment on plasma and cerebrospinal fluid leptin levels in rats selectively bred for high and low alcohol preference.</b> <i>Przemysław Mikołajczak, Irena Okulicz-Kozaryn, Ewa Kamińska, Krzysztof Wiktorowicz, Kinga Leśniewska, Wanda Dyr, Wojciech Kostowski</i> . . . . .	127
<b>Effects of porcine galanin, galanin(1-15)NH<sub>2</sub> and its new analogues on glucose-induced insulin secretion.</b> <i>Jarosław Ruczyński, Magdalena Cybal, Czesław Wójcikowski, Piotr Rekowski</i> . . . . .	133
<b>Cerivastatin modulates plasma paraoxonase/arylesterase activity and oxidant-antioxidant balance in the rat.</b> <i>Jerzy Bełtowski, Grażyna Wójcicka, Mariusz Mydlarczyk, Anna Jamroz</i> . . . . .	143
<b>Influence of midazolam on pharmacokinetic parameters of procainamide in rabbits.</b> <i>Daria Orszulak-Michalak, Jacek Owczarek, Anna K. Wiktorowska-Owczarek</i> . . . . .	151
 SHORT COMMUNICATIONS	
<b>Interactions between human platelets and eosinophils are mediated by selectin-P.</b> <i>Jacek Jawień, Stefan Chłopicki, Ryszard J. Gryglewski</i> . . . . .	157
<b>Saliva as an alternative specimen for alcohol determination in the human body.</b> <i>Wojciech Gubała, Dariusz Zuba</i> . . . . .	161
<b>Abstracts of the ELEVENTH DAYS of NEUROPSYCHOPHARMACOLOGY</b> . . . . .	175
<b>Note to contributors</b> . . . . .	207
