

POLISH JOURNAL of PHARMACOLOGY

VOL. 55 / 2003 / NUMBER 1

CONTENTS

| | |
|--|-----|
| MINIREVIEW – Treatment of depression: clinical aspects. <i>Dominika Dudek</i> | 1 |
| Effect of antidepressants on the phospholipase A₂ activity in plasma membranes of the rat brain cortex. <i>Krzysztof Kucia, Andrzej Małeck, Bożena Gabryel, Henryk I. Trzeciak</i> | 5 |
| Exploratory activity and a conditioned fear response: correlation with cortical and subcortical binding of the $\alpha 4\beta 2$ nicotinic receptor agonist [³H]-epibatidine. <i>Halina Sienkiewicz-Jarosz, Piotr Maciejak, Andrzej Bidziński, Janusz Szyndler, Marek Siemiątkowski, Agnieszka Członkowska, Małgorzata Lehner, Adam Płaźnik</i> | 17 |
| Effects of calcium and magnesium on peripheral nerve conduction. <i>Tufan Mert, Yasemin Gunes, Mustafa Guven, Ismail Gunay, Dilek Ozcengiz</i> | 25 |
| Enhancement of circulatory antioxidants by α-ketoglutarate during sodium valproate treatment in Wistar rats. <i>Vidya Murugesan, Perumal Subramanian</i> | 31 |
| S-allylcysteine inhibits circulatory lipid peroxidation and promotes antioxidants in N-nitrosodiethylamine-induced carcinogenesis. <i>Sivapatham Sundaresan, Perumal Subramanian</i> | 37 |
| Effect of <i>Casearia esculenta</i> root extract on blood glucose and plasma antioxidant status in streptozotocin diabetic rats. <i>Annamalai Prakasam, Subramaniam Sethupathy, Kodukkur V. Pugalendi</i> | 43 |
| Effects of local anesthetics on pregnant uterine muscles. <i>Bilge Karsli, Nurten Kayacan, Zuhul Kucukyavuz, Caner Mimaroglu</i> | 51 |
| Effect of erythromycin on contractile response of uterine smooth muscle strips in non-pregnant rats. <i>Heng Liu, Tianmin Zhu, Yongming Ma, Songyi Qu</i> | 57 |
| Effects of simvastatin on the development of osteopenia caused by ovariectomy in rats. <i>Maria Pytlik, Waldemar Janiec, Małgorzata Misiarz-Myrta, Iwona Gubata</i> | 63 |
| Ischemic and pharmacological induction of delayed cellular protection in inos gene-disrupted mice myocytes. <i>Mohammed A. Nayeem, Syed J. Mustafa</i> | 73 |
| Comparative pharmacokinetics of propranolol and atenolol in primary hyperlipidemia. <i>Bogumiła Telatyńska, Jerzy Wójcicki, Marek Drożdżik, Barbara Gawrońska-Szklarz, Violetta Sulżyc-Bielicka, Rozalia Sterna</i> | 81 |
| SHORT COMMUNICATIONS | |
| Antiulcer activity of levcromakalim and nicorandil in albino rats: a comparative study. <i>Manoj Bose, Vijay M. Motghare, Ganesh N. Dakhale, Avinash V. Turankar</i> | 91 |
| Relationship between the level and time of exposure to tobacco smoke and urine nicotine and cotinine concentration. <i>Ewa Florek, Wojciech Piekoszewski, Jagna Wrzosek</i> | 97 |
| Influence of LY 300164, an AMPA/kainate receptor antagonist upon the anticonvulsant action of antiepileptic drugs against aminophylline-induced seizures in mice. <i>Mariusz Świąder, Hubert Kuźniar, Zdzisław Kleinrok, Stanisław J. Czuczwar</i> | 103 |
| PRELIMINARY COMMUNICATION | |
| 1-Methylnicotinamide: a potent anti-inflammatory agent of vitamin origin. <i>Jerzy Gębicki, Anna Sysa-Jędrzejowska, Jan Adamus, Anna Woźniacka, Małgorzata Rybak, Jacek Zielonka</i> | 109 |
| Abstracts of Seventh Conference on PROGRESS IN ETIOPATHOGENESIS OF SEIZURES. | 115 |
| Note to contributors | 123 |
