

POLISH JOURNAL of PHARMACOLOGY

VOL. 56 / 2004 / NUMBER 1

CONTENTS

OBITUARY – Professor Konstanty Wiśniewski, MD, PhD (1935–2003). <i>Włodzimierz Buczek</i>	1
REVIEW – Adrenomedullin – what do we know 10 years since its discovery? <i>Jerzy Beltowski, Anna Jamroz</i>	5
REVIEW – Calcium modulation in epilepsy. <i>Wojciech Kulak, Wojciech Sobaniec, Katarzyna Wojtal, Stanisław J. Czuczwar</i>	29
REVIEW – γ-Hydroxybutyric acid (GHB) and its chemical modifications: A review of the GHBergic system. <i>Anna Waszkielewicz, Jacek Bojarski</i>	43
Are glycine_B sites involved in the development of morphine tolerance? <i>Jolanta Kotlińska</i>	51
Competitive NMDA receptor antagonists and agonist: Effects on spontaneous alternation in mice exposed to cerebral oligemia. <i>Lucyna Józwiak, Krzysztof Łukawski, Stanisław J. Czuczwar, Maria Sieklucka-Dziuba</i>	59
Allopurinol does not affect the anticonvulsant activity of carbamazepine and valproate in maximal electroshock-induced convulsions in mice. <i>Jolanta Parada-Turska, Mirosław Czuczwar, Jacek Kiś, Piotr Czuczwar, Anna Cioczek, Jarogniew Łuszczki, Stanisław J. Czuczwar</i>	67
Is anorexia in thioacetamide-induced cirrhosis related to an altered brain serotonin concentration? <i>Saida Haider, Sadia Saleem, Saima Shameem, Shahida P. Ahmed, Tahira Parveen, Darakhshan J. Haleem</i>	73
Monosodium glutamate affects the temporal characteristics of biochemical variables in Wistar rats. <i>Thamilarasan Manivasagam, Perumal Subramanian</i>	79
Attenuation of oxidative stress-induced changes in thalassemic erythrocytes by vitamin E. <i>Nandita Das, Tapasi Das Chowdhury, Aindrila Chattopadhyay, Asoke G. Datta</i>	85
Antithrombotic effect of captopril and enalapril in young rats. <i>Włodzimierz Buczek, Andrzej Kubik, Iwona Kucharewicz, Ewa Chabielska</i>	97
Influence of a new propranolol analogue on the rabbit myocardium <i>in vitro</i>. <i>Edyta Olakowska, Marek Olakowski</i>	105
<i>In vitro</i> induction of cytochrome P450 enzymes in hepatocytes isolated from the regenerating rat liver. <i>Viola Tamási, Zsuzsanna Riedl, Ottó Dobozy, András Falus, László Vereczkey, Katalin Monostory</i>	113
Glycine prevents hepatic fibrosis by preventing the accumulation of collagen in rats with alcoholic liver injury. <i>Rajagopal Senthilkumar, Namasivayam Nalini</i>	121
Immunophilin ligands decrease release of pro-inflammatory cytokines (IL-1β, TNF-α and IL-2) in rat astrocyte cultures exposed to simulated ischemia <i>in vitro</i>. <i>Bożena Gabryel, Krzysztof Łabuzek, Andrzej Malecki, Zbigniew S. Herman</i>	129
SHORT COMMUNICATION	
Intestinal absorption of digoxin and interaction with nimodipine in rats. <i>Fatma S. Kilic, Özlem Batu, Başar Sirmagul, Engin Yildirim, Kevser Erol</i>	137
Abstracts of Eighth Conference on PROGRESS IN ETIOPATHOGENESIS OF SEIZURES	145
Note to contributors	155
